BOARD OF EDUCATION

Our wonderful Board of Education! Here before you are pictured some of the most civic minded and public spirited citizens. Once a month they willingly give up their time to mull over affairs of the Jeannette Public School System. They must take care of all bills contracted by the schools, choose worthwhile teachers to guide us, and discuss new improvements. Through their tireless efforts our school system has gained high standards of education. Jeannette High School has become well-known for its fine vocational equipment and the most modern football stadium and field house in the district. For this worthy group, we hold great admiration for their interest in us—the citizens of tomorrow's world. We, the student body of Jeannette High School would like to extend our heart-felt appreciation to the Board of Education.

This is the end of a long trail for the class of '52 and we seniors leave many cherished memories behind us.

It seems like only yesterday that we first entered the halls of J. H. S. Everything was strange and new, and at first we didn't know where to turn. But soon we began to make friends and really got into the "swing of things." After the easy subjects we had taken in grade school, high school lessons seemed "Oh, so hard." However, with the help of capable teachers we were able to conquer algebra, civics, and the rest.

Remember how anxiously we waited for each issue of the Oscar and how thrilled we were when our names appeared in the Ash Can? And now that we really "belonged", we were always the first in line at McKee Stadium and we cheered our team on to victory as loudly as the rest.

The next year, as sophomores, we returned to J. H. S. with new confidence. Some of us made the Oscar staff; others were initiated into clubs. Our sophomore party is one we will always remember. It was at this time that we first realized that our classmates were talented ones. Who could forget Donna Scott's piano solos, Betty Jo Irwin and her novelty numbers on her ukelele, or Johnny Whatule and the magic spell he wove with his accordian?

Seniors bidding "Adieu" to our Alma Mater

Finally came the big day when we moved into the Junior class and attended the upperclass assemblies. The new term brought with it many new faces from Harrolds and Manor. These imports were welcomed into what we thought was the "charmed circle".

During the year Dee DeMark and Bill Holtzer became a familiar couple and many other couples in our class began to "go steady". Prom time soon rolled around and the lucky ones got bids. Baron Elliot's music seemed just made for the occasion and the Grand March, led by our own Francis Battaglini and Margie Myers was the perfect climax to a wonderful evening.

One of our greatest thrills came when we, as seniors, left the auditorium first on assembly day as Mike Bleiberg, our student Council prexy, announced "assembly dismissed." The late bell usually caught us exchanging name cards or "squeegies" New fads and fashions were always cropping up. Estelle Caplan caught everyone's eye with her "poodle cut", and white bucks were all the rage.

Many of the senior boys excelled in sports. Erv Guzik, Bob Perry, and Dean Kifer were stand-outs on the gridiron, Jerry Roy and Danny Brean were fast on the basketball court, and Dave Crossman and Gale King proved to be outstanding grapplers.

All too soon, the end of the year drew near and we grew solemn as we thought of parting with our friends. During the Senior Assembly, in which many of us took part, the girls guiltily wiped tears from their eyes. And, though we will each go our own way in life, we will never forget our Alma Mater and the four wonderful years spent in J. H. S.

We, who are proud to call ourselves members of the class of '53 are soon going to begin the last lap of our journey. For three years we have been second best, looked up to by the sophomores and freshmen, but still not as important as the seniors.

Our class is a fine one and has been capably led by Bill Maloy, who was also vice-president of Student Council. We have been proud to point out that many of the schools top athletes are members of the junior class. Jim Byrns and Glenn Seymour were our contributions to the Jayhawk Five first string, while Seymour and Jack Kelly were cheered to victory on the gridiron by the whole student body as well as by their fellow classmates.

Our days in Jeannette High have been so full of good things that we shall never be able to remember them all, but some of the most important things we can never forget.

When we first entered the school, we were so bewildered and shy that we felt we would never be sophistocated and self-confident as the upperclassmen we saw walking down the hall. But as time went on, we realized that they had, at one time, felt the same as we did. We soon made friends and began to join clubs and by the time the Freshmen Party came we had come to feel that we, too, had a place in J. H. S.

Our Frosh Party is one we will always remember, because it is the first high school affair we attended. And although the girls

stood in one corner of the gym and the boys stood in another, the floor show and lunch were good enough to make up for the rest. Our picnic day that year was bright and sunny and we had a grand time on the Turtle, the Jackrabbit, and the rest.

In the fall we entered as sophomores and looking scornfully at the bewildered freshies, tried to forget that we had felt the same way just one year ago. We joined clubs that year and initiation was really something; we could smell garlic for days after. The All School Dances were more fun that year, too. Many of the boys had learned to dance and they came out of their shells and asked the girls to "trip the light fantastic."

Time flew, and before we knew it, the Senior Assembly was being put on. When we saw the seniors who were leaving and realized how badly they must feel, we were glad we still had two more years to go. How proud we were when the time came to move into the upperclassmen's seats!

The summer flew and soon the school term began again. As we came back to school in September, we saw many strangers in our classes. These were the arrivals from Harrolds and Manor. They were a swell gang and soon were as much a part of the school as we were.

We suddenly realized that we were growing up. The boys were suddenly handsome and they began to pay more attention to

the girls who were really "sweet sixteen".

Our classmates were proudly sporting class rings and joining new organizations. Those on the Oscar Staff struggled to meet their deadlines; Student Council members tried to keep the halls clean and orderly; and band members practiced faithfully each third period. We were proud of the five junior girls that were majorettes. They certainly added glamour to our class. And our four peppy cheerleaders did a lot to strengthen our gridders morale.

Many of our class showed their talent. Remember Helen Rogers who made us sit up and take notice when she sang "And So To Sleep Again" in assembly, Sonsee Eibner who always entertained us with her tap dancing, Marna Houser and her fine acting, and Jack Haines with his "swoonderful" voice. In fact, many of us took part in assemblies and though it was a lot of work, we had fun doing it.

Of course, as any class, we had our share of cuts and hours. Some of us, having yeilded to the temptation and played hooky, spent "seventh period" in detention hall.

Our happiest experience was our Junior-Senior Prom, when everyone danced 'till the wee small hours. And we'll never forget our Junior Party when everyone was decked out in his "best bib and tucker."

But soon the year was over and a lump came to our throats as we rose and filled the senior seats. We held our heads high and vowed to make our senior year as wonderful as this one has been.

Moving into the upperclassmen's seats on assembly day is certainly thrilling, but how can we ever forget all the grand times we had as carefree sophomores. This year has been a good one. No longer were we green freshies; we now had all the prestige that went with being a "big wheel" sophomore. We have many memories we'll always hold dear to us.

Our fellow classmates are wonderful—and talented too. We often wondered how Carol Grimes and Sue Appel could get twisted into such pretzel-shaped forms and still straighten up again afterwards. Their acrobatics were an added attraction to our band, which in itself is a fine one. We applauded long and loud for Joyce Madrick who did those song and dance numbers so well, and for "Lump" Williamson whose performances in the Grex productions proved what a good actor he is. Even our capable president, Jerry Chellman, is a whiz in the field of entertainment as was shown when he and Harry Miller played that bones and accordian duet in assembly. Yes, this is the year when we break into the news. Many of our boys have won acclaim for their athletic ability. Chuck Boerio, Wilfred Altman, Bill Billups, and Jim Pickett all helped the Jayhawks score touchdowns. Pudgy Redlich and Louie DiBridge dribbled for the Jayvees, while Bob Williamson broke into the starting line-up of the Jayhawk Five.

We had a lot of fun in spite of office call slips, detention hall notices, and sorrow-

Sophomores . . .

bringing report cards. Some of us twirled batons, some wore cheerleader uniforms or played instruments in the band, while the rest of us just made sure we were always on hand to offer our "Rip-roars." We'll always remember cute Marcie Holland who was often seen walking down the hall, hand in hand with "Chip", and Diane Larson who was sure to catch any boy's eye. Virginia Mennano's sweet personality won her the position of treasurer of the Etta Kette Club.

There was always somewhere to go and something to do. Many of us attended the Installation Banquet of the Hi Y and Tri Hi Y clubs, some of the lucky girls donned taffeta and net for the Prom, and just about everybody was on hand for the Junior Party. The floor show this year was one of the best, and the refreshments couldn't be beat. And, wonder of wonders, the boys forgot their shyness and asked the girls to dance.

One of the greatest satisfactions of being a sophie was having the pleasure of looking down on mere freshies. This partly made up for being snubbed by the upperclassmen who still thought we were "just children."

Altogether, this year has held more than we had hoped for. We have finally become a vital part of high school society and though we will strive to make our two remaining school years even more successful, we know deep down inside that there will never be another year like our Sophomore year.

If you saw a boy or girl looking particularly scared or confused on the first day of school last fall, it was only one of us of the Freshmen Class who was seeing Jeannette High School for the first time. This bewildered and mixed-up look is one that only a "Frosh" can have. But who can blame us—for seeing our high school for the first time is really an experience. The first weeks of school were surely torture for us "greenies" who were hazed and ridiculed by the upperclassmen. But just wait—we'll have our turn next year!

Soon, however, we freshies became acquainted with each other and even though we were snubbed by the sophomores, juniors, and seniors, we had our own friendships for consolation, and now realized that we were not alone as individuals, but joined together in a common group.

But now our first year is over and though it was a full one, we're certainly glad it's done. We have been officially broken in.

Many of us were claimed by clubs, a select few participated in football, basketball, wrestling, and baseball competitions while the rest of us cheered them on to victory, and all formed lasting friendships. The All-School Dances and noon dances were something new to us and we turned out in full force, though many of the boys were either too shy to ask a girl to dance or didn't know how. The "Sadie Hawkins Dance" was a hit with the Frosh girls for then they could do the asking.

Our class, very ably led by the sponsor, Mr.

W. Shaul, elected Cliff Miller to serve as president, and Teresa Plaitano as secretary; Bob Maloy was made the "Veep" of the class, and we intrusted our money to Donna Odorisio.

Throughout the year we have been thrilled by Mr. D's experiments in general science, have laughed at Mr. Albright's jokes, trembled at Mr. Boettner's words while taking a special examination, and even met in "seventh period" to pay for our wrongdoings.

Our classes seemed so long this year and the subjects much harder than ever before, but somehow we managed to pass them all. The biggest social event of the year was our class party. It was at this time that we joined with our good friends and classmates to dance, play various games, devour refreshments, and just have a good time. Every one who attended will always have fond memories of this affair. Another thing we'll always remember are the assembly days. What fun it was being in them or even just watching our friends cavorting on the stage! Some of them had acting ability that we weren't even aware of before.

Looking back over this year, we can hardly believe it is finished and that one more chapter in our book of life is closed. Thinking that this year would drag, we can only marvel at the swiftness of its passing. Although it is gone and we are looking forward to being sophomores, we will never forget what it was like to be a freshman.

YEARBOOK STAFF

It was a tough job, but here at last is your '52 yearbook. At times we almost gave up, what with deadlines due, printer's complaints and all the rest. However, everyone worked hard and put forth his greatest effort and we finally came through, although we certainly couldn't have done it without the help of our grand sponsor, Mr. Patterson, to whom we ran everytime we were confronted with some new problem. So we, your Jayhawk Staff, present your yearbook and hope as you leaf through it in future years it will recall some of your fondest memories.

THE OSCAR STAFF

"Oh! I'm in the Ash Can." It's that Friday again when our famous Oscar, the student publication, is distributed. This and many other remarks can be heard as the students read another enjoyable issue of our school paper. Edited by Arlene Gardner, assisted by Druann McCleery, and advised by Miss Fontanella the Oscar has seen another successful year of letting the student body in on all the news and gossip of the entire school. It is a lot of work to collect the news, and meet deadlines; but the staff enjoys its many duties and has fun doing it.

THE BAND

With banners waving, the red and blue of courage and loyalty, accompanied by the blare of horns and the throb of drums, the J.H.S. Band proudly marches onto the field. These thrilling moments will never be forgotten by those who belong to the band.

But it isn't all play and no work for after football season when the job of performing half-time skits is over, comes the preparation for the annual concert. The practice sessions, the selling of tickets, and the big night itself are all hard work. They feel a warm glow of satisfaction and know they've done a good job by the sound of applause from an appreciative audience.

All too soon, the final days of school arrive, and the seniors, sorrowfully hang up their uniforms for the last time wishing to be underclassmen, when under the expert leadership of Mr. Lodzsun they, too, could be part of the band again!

Clubs - - - featuring freshmen

QUIZ CLUB

Do you want to be the "Quiz Kid of the Year?" Well, clean out those brain cells and join this club. It is very exclusive in that only the Frosh may hold membership. All types of questions are asked during the quiz held at each meeting. Selected judges chalk up a point for each correctly answered question. The brainy one who collects the most points in a club meeting is dubbed "The Quiz Kid of the Month." Besides all this, a noon dance, Christmas party, and a final spring affair are planned by the club and its advisor, Miss Duncan.

MIDGET PLAYERS

Meet the baby sister of the Grex! Although organized only last year, this Frosh Club has made itself known in the high school. Under the supervision of their well-liked advisor, Miss Davis, the club members are given a chance to act, work in and see plays. They frequently combine activities with the Grex. They sponsored a noon dance, skating party, an assembly and a party for the Grex. On club days, they have various types of entertainment and are taught dramatics and given helpful hints about public speaking.

Clubs - - - promoting sportsmenship

GIRL'S HUNTING AND FISHING CLUB

Any girl interested in the great outdoors would enjoy this club. Newly organized this year under the expert guidance of Mr. Albright, the members (girls only) have studied the different parts of the gun, and the correct procedure of loading, carrying, and cleaning it. Through talks given by guest sportsmen, the girls have learned the particulars about this sport itself. On the first day of hunting, a few members decided to try their luck and put to use what they had been taught. They must have paid attention for they very proudly came home bearing rabbits!

ARCHERY CLUB

Have you ever had a desire to shoot an apple off a person's head with an arrow? Well, if so, here is just the club for you. This club has been newly formed this year with Mr. Ruby as its capable advisor. The members were taught the correct method of using bows and arrows. They also have learned much about the history of archery as it is used in sports and in ancient warfare. So come on all you girls and boys here's where you can learn to shoot that arrow straight to his (or her) heart.

Clubs - - - widening horizons

TRAVEL CLUB

"Join the Travel Club and see the world!" Although the members do not exactly see the world, the club could very easily use this motto because guest speakers, obtained by their capable advisor, Mr. Stroud, paint a clear picture of what they have seen and experienced while traveling. One of the most active clubs in school, its members are always planning activities which include hikes to Mt. Odin and Bushy Run, an annual trip to Pittsburgh, visits to hockey and baseball games, and finally a banquet to round the events of the year.

CLASSICAL CLUB

Hail all you Latin Students! The Latin Club, under the capable advisorship of Miss Fontanella, is just the club that would be of interest to you. Ask any member and you will learn why he is so proud to be wearing the pin of the National Junior Classical League. Their club-day programs consist of learning about the life of the early Romans and their Mythology. A Roman theme is the background of their annual assembly. When Latin Week rolls around each year, the members of this club leave Jeannette High School for a days trip to the Buhl Planetarium.

Clubs - - - encouraging initiative

P. M. SQUARE DANCE CLUB

Do you have a lot of energy that's been going to waste? Then you're just the type for the P. M. Square Dance Club. Mr. Boettner, the advisor, calls the figures while the frosh whirl round and round. Such calls as "Swing your partner!" and "Promenade all!" really add lots of pep to these club meetings. Once those shy boys attend a meeting, they aren't shy any longer. They're too interested in dancing to have time to be bashful. A few of the more energetic members learn to call figures. Come on, all you hillbillies, let's have a hoedown!

MUSIC CLUB

This club was formed to enable students to understand and appreciate good music. Under the guidance of Mr. Lodzsun, the members also learn to overcome any stage fright they may have; for each member, at sometime during the year, must perform before the rest of the club. It is at these performances that a great deal of our unknown school talent is discovered. To be a member, all that is necessary is a genuine liking for music and a desire to raise one's own standards. So anyone interested in music may choose to belong to this worthwhile club.

Clubs - - - striving for perfection

ETTA KETTE CLUB

Is she at ease no matter what situation arises? Is she one of the most polite girls in the high school? Then, naturally, she is a member of the Etta Kette Club. This club presents an annual assembly which is always full of talent. They teach the Freshmen the wonderful art of dancing. This year the opportunity was extended to Sophomores and upperclassmen. Their contribution to the Oscar, "Etta Kette Quips", is another one of their worthwhile activities. Their president, Betty Lou Miller has led them through another successful year. Always there to lend a helping hand is their sponsor, Miss Hansen.

COMMERCIAL CLUB

Can you take dictation? Are you a good typist? If your answers are "yes", the Commercial Club is waiting for you. The girls in this club are the "cream of the commercial crop." With Mr. Riehl as their advisor, the members, who are all enrolled in the Commercial course, try to reach their goal of speed and accuracy in typing. Their activities include an assembly which usually pertains to their future careers and several noon dances which are always well attended. Their field trip to Pittsburgh offers the girls an opportunity to make a tour of a business firm.

Clubs - - - developing artistic ability

REMBRANDT CLUB

Do you dream of becoming a second Rembrandt? Well, the purpose of this club is to bring together students who like art. Its aim is to develope art as a hobby and to be of service to the school along art lines. It also endeavors to create a love of art and give those who have artistic ability a chance to display it. Mrs. Fry is their capable instructor. They make all the posters for the Student Council and also Christmas greetings for all rooms. Their activities included making craft jewelry to sell, an art exhibit, and a Christmas party.

CERAMICS CLUB

The ambitious members of this club learn many interesting and fascinating arts, which they won't easily forget. Many novelties for home or personal use are made by the members. Some of these articles include ashtrays, dishes, jewelry, pins, and painted figurines. Under the capable guidance of Miss Patch, the home economics teacher, the girls mold the article by hand and bake it in a specal oven called a kiln. It's then glazed and smoothed, then displayed before the other club members for their approval. This educational club is open for membership to all girls in the school.

LIBRARY CLUB

ROW ONE: D. Odorisio, J. Umek, J. Hartman, A. Pacelli, M. Saraceni

ROW TWO: Miss McMasters, I. Bavaro, J. Schmidt, L. Smith, M. Fisher, G. Archer, T. Golnoski

ROW THREE: R. Kruse, S. Crise, D. Crossman, J. Elliott, B. Urbani, C. Bullock

Clubs - - - using their abilities

LIBRARY CLUB

Do you enjoy reading detective mysteries, historical novels, or any other type of literature? The Library Club is for you, then. This club was formed to help students enjoy more books and to select the correct types of books. The entire club, under the guidance of Miss McMaster, our librarian works together advertising book week in the community and the school by their book week contest. The girls receive special practice in library processes and they study the special uses in reference work. Every girl is well-informed on the interesting aspects of future library work.

MICROMETER CLUB

"Who are those skilled workers that rig up scenery and props for our assemblies and plays?" Why the members of the Micrometer Club, of course! Only these fine workers from the vocational shops have the know-how when it comes to building anything you need. Their leader, Mr. Lang, makes the meetings interesting with his talks on various tools and their uses. The boys venture up from the bottom floor of the high school when they hold their annual noon dance. They also toured some of the factories in our own and nearby communities.

Clubs - - - guiding girls only

GIRLS CRAFT CLUB

Are you interested in making belts, bracelets, and different things? Under the supervision of Mr. Black, that's what these girls do. They are taught how to use various saws and tools and then these nimble-fingered girls spend their time making practical items. Instead of worrying about a new and different type of gift for a friend, these talented girls sit down and make costume jewelry which, you can be sure, is appreciated by the receiver. These girls work with leather, plastics, woods, and a surprising number of other articles, and turn out useful things.

NURSES CLUB

The members of this club are future nurses (they hope). They are striving to learn some of the basic fundamentals of nursing before going to a higher institution to achieve their ambitions. They study the principals of hygiene and good living and also learn much about the standard of living from their advisor, Miss Sheerer. These girls are also known as the F. G. W. meaning the Future Girls in White. On club days they have different speakers and home nursing practice. Their activities for the year included a field trip to a hospital and a Christmas party.

GIRL'S SPORTS CLUB

This club boasts of the most athletic girls in the high school. They spend their club periods playing basketball, softball, and other competitive games. With Mrs. Eremic as their sponsor, these female athletes attend at least one of the Pittsburgh Pirates' baseball games, go swimming at the Y. M. C. A., and manage to take in a couple of hockey games. The members of the Girl's Sports Club have been very active in supporting a basketball tournament for the girls in school clubs. Come on, all you basketball and volleyball stars, this is the ideal club for you!

PHOTOGRAPHY CLUB

Do you like to take pictures? This club should interest you, then. Under the expert guidance of Mr. Gilkey, the members of this club are taught to use the camera properly, how to obtain good snapshots, and the way to develop and print pictures. For each meeting, pictures of different subjects are taken; such as, snapshots of each other, animals, industrial plants, etc. In order to help the Student Council, this club has also taken pictures of the bad conditions existing in our halls. Sometime in the near future, the members hope to set up a dark room for developing pictures and plan to take a field trip.

OSCAR COLLECTORS

We can always depend on these competent people to see that our Oscar is distributed to us. Selected by each home room teacher, they need a great deal of patience, for a robot would have a time with the excuses of the students who "forgot it was Friday" or "can't remember where that nickle went." These honest folk are sure to see that the "newspaper money" turns up on Miss Fontanella's desk every two weeks, even though they may be tempted to spend just some of it. In all, they are to be congratulated for their fine work this year.

BOY'S HUNTING AND FISHING CLUB

Although these boys get a big thrill in hunting wild game, they spend much time helping to preserve these same animals during the winter by laying and scattering feed. Thus, they live up to the objectives of their club, to preserve wild life and make sportsmen of its members. Talks by well-known sportsmen of the district, movies about hunting, and safety pointers by capable advisor and sportsman Mr. Amann, make up their meetings. These hunters and fishermen live for that day when they can miss school to try their luck in whatever sport they prefer.

Clubs - - - encouraging co-operation

GREX CLUB

For anyone desiring to display or develop his (or her) dramatic ability, this club offers excellent opportunities. It fosters interest in dramatics, acting, make-up, and play study directing. Watching professional actors during trips to district theaters helps the members gain acting know-how. Under the direction of Miss Davis, their well-liked advisor, the club sponsors assemblies and an annual major production, which, this year, was the very successful "Junior Miss". The annual Academy Award dinner, their entertaining of outside clubs, and their arena-type theater for their parents were some of their many and varied activities.

BOYS GYM CLUB

This club was organized to train boys who are particularly interested in Physical Education. It's open to all boys in gym classes or those who have participated in any high school athletics. At each club meeting, under the direction of Mr. Churchman, demonstrations of different games and calesthentics are given by the senior members in order to explain the rules, then all members join in these muscle building activities. At the end of the year, the Seniors wind up their membership in the club by playing a basketball game in which all other members are opponents.

Clubs - - - bringing enjoyment

FORUM CLUB

The main aim of the Forum Club is to teach its' members more about current problems. Led by Mr. Ross, a new-comer to our faculty in January, their advisor, they hold discussions and informal debates at their monthly meetings. A necessary quality for debate, quick-thinking, is developed in this way. They also stress the importance of radio, newspapers, and other means of transmitting news. Students who do good work in Civics and like history or English are encouraged to join this club. Among the activities for the year were a noon dance and a trip to Pittsburgh.

A. M. SQUARE DANCE CLUB

Square dancing is sweeping the U. S. A. and these club members are promenading right along as they "make theirs' country style." With Mr. Albright calling out, loud and clear, those fancy figures, everyone picks his partner and "Skips to My Lou." Judging by the huge membership of this club, they have some really rip snortin' times when they let their hair down. While having fun, some of the more industrious members learn to call figures and soon become very much in demand when square dances are held. Why don't you "join the craze and learn the dance today?"

Clubs - - - interested in scholastic affairs

FORENSIC

The members of the National Forensic League take time out from school studies to participate in the N. F. L. tournament. Early in the year they competed in a speech tournament and a student congress, which was held in Jeannette High School. Miss Davis, their advisor, helps them on all types of forensic speaking—humorous, dramatic, poetic, etc. The members also give readings outside their club. All meetings are held after school as no school time is alloted to this club. They held a noon dance and an assembly which, as usual, was enjoyed by all.

JUNIOR RED CROSS

Although a newcomer to the list of J. H. S. clubs, the Junior Red Cross represents a very old and wonderful organization. Always ready to help those in need, the girls give unselfish contributions of time and effort. The local chapter functions include sponsoring parties, entertainment, and goodies for the Westmoreland County Home. Boxes were distributed in the home rooms and sent to boys and girls overseas. Old magazines were collected. All the work these girls have done cannot be stated in such a small space, but they and their very worthy advisor, Miss Potts, must be congratulated for their fine work.

POWDER PUFF CLUB

Do you know the proper way of putting on make-up, fixing your nails, or hair? If not, you would profit by joining the Powder Puff Club. The members, freshman only, learn many fundamentals on acquiring a neater appearance. Mrs. Benevantano, the club sponsor, gives demonstrations on manicuring fingernails, facials and fixing different hair styles. At the monthly meetings the girls use each other as models and decide what hair-style and make-up is best suited for them. They also hold a successful noon dance and a Christmas Party. Everyone belonging to the club enjoys herself, as does Mrs. Benevantano.

CHEF CLUB

This club, whose membership is strictly masculine, endeavors to instruct the fellows how to cook. On club days these boys prepare and eat their own lunches. Mrs. Brown does a grand job of teaching them the fine arts of the Kitchen. So come on, fellows if you want to impress the girls (and what gal doesn't want a man who can cook) just join this club. Its aim, aside from teaching the boys to prepare, cook, and serve the meals, is to promote good fellowship among the members.

ALPHA HI Y

One of the school's most outstanding clubs is the Alpha Hi Y. The motto of these boys is "Clean speech, clean sports, clean habits, and clean scholarship." Its purpose is "To create, maintain, and extend throughout the school and community high standards of Christian Character." The club's activities are varied and many in number. They sell sport pins, pencils, and Jayhawk bookcovers to help the club financially. They also participate in the annual Hi Y Installation Banquet. Other events include a noon dance and inter-club sports. Mr. Basom is the well-liked sponsor of this club.

BETA HI Y

This club is Mr. Patterson's pride and joy. Under his guidance the boys of the Beta Hi Y have accomplished much. Each year a few of the boys attend the Hi Y conference. One of the most important events is the Installation Banquet. By co-operation with the other Hi Y and Tri Hi Y's these boys make this annual event a huge success This year they presented an assembly which was one of the most interesting of the year. Erv Guzik, their president, has helped the boys to complete a successful club year.

ALPHA-TRI-HI-Y

"To create, maintain, and extend throughout the school and community, high standards of Christian Character," is the motto of the Alphas and this group of fine girls with the help of Mrs. Williams, their capable advisor, try to do exactly this during the school year and afterwards. The party which is planned by the club and held for the orphans at the Greensburg Children's Home is always a success. A club is always enjoyed more if it has social events. The Alpha-Tri-Hi-Y is no exception. The Installation Banquet, Sadie Hawkin's Dance, and the assembly program are looked forward to with much excitement.

BETA-TRI-HI-Y

One of the proudest girls in J. H. S. is the girl who can say "I'm a Beta". Their new sponsor Mrs. Ingraham, has helped the club maintain their high standards of Christian character. The Installation Banquet is always the highlight of the year. Besides this, they present an annual assembly which is awaited eagerly by the high school students. Their other activities include several noon dances and a yearly trip to the orphan's home. Led by Mary Rossi, these girls have enjoyed interesting club periods which include outside speakers and programs put on by the girls themselves.

STUDENT COUNCIL

Meet the governing body of the high school! These people make the rules and regulations which we, as students, must follow. The all school dances, sponsored by the organization, are the social events of the school year. This year, under the guidance of Mr. Leinbach, the Student Council has put on a campaign to clear out our crowded halls. At their meetings they discuss any problems which may arise in the high school and try to improve on the existing conditions. All the students prosper by the annual gift of the Student Council to the school.

PRIESTLY SCIENCE

Presenting the mad scientists of J. H. S.! These future Joseph and Josephine Priestlys always look forward to a very interesting club period. They have no fear of the situation getting out of hand as long as Mr. D'Amato is there to help with experiments whenever he's needed. Besides actual participation during club period, the members also are entertained by scientific movies and an occasional speaker. Sounds exciting so far, doesn't it? But that isn't all! This club also presents a yearly assembly and takes a field trip to Pittsburgh to keep up with the ever changing world of science.

YEARBOOK COLLECTORS

A figure which is familiar to most students in J. H. S. is the friendly yearbook collector. All of us have heard these phrases at one time or another, from the collectors or their instructor, Mr. Patterson: "The time for your yearbook down payments is almost up so bring the money in this afternoon or as soon as possible," or, "All yearbook payments must be in by next week." The collectors are grateful for the fine co-operation of the teachers and students. For it is this co-operation which enables them to do their very best work.

FIRST AID CLUB

A very useful purpose in later life has the First Aid Club. You can be assured that the best of aid will be given in the homes of its members. At the monthly meetings safety measures are discussed, and the first aid methods, including bandaging, control of bleeding, etc., are taught in order that members are efficiently equipped to use their knowledge should an accident occur. Mr. Hostetler, the club's able advisor, also brings forth the objective to prevent unnecessary accidents. But no matter how much precaution is taken, accidents do occur and these First Aiders will be right on the ball to do their duty.

SAFETY PATROL

It is the job of these boys, and they alone to see that traffic conditions are safe during school hours. And what a good job they do! For proof we have the perfect record of no traffic accidents in front of the high school. These "student traffic cops" never fall down on the job. Under the auspices of the Student Council, the safety patrol is an example of fine student co-operation securing safety.

STAGE CREW

Long before the curtain goes up on the weekly assemblies and special auditorium programs, the hard working stage crew is busily preparing props, lighting, and general stage management. Supervised by Mr. Albright, these boys do just about any job that can be done on the stage. They deserve all the credit they get for the many long hours they spend assisting us in our stage productions.

OFFICE GIRLS

Here are those busy little bees who sacrifice their study halls to help Mrs. Boettner in the office. When they are not at work collecting absentee slips and distributing the mail, they can be found assigning detention notices and office call slips. These efficient office girls are perhaps the busiest people around school. The jobs they perform are responsible duties, and they deserve our thanks for helping to keep our school running efficiently.

LIBRARY MONITORS

The Library Monitors are the girls who give up a great deal of their own time to make our Library a success. Our librarian, Miss McMaster, would be lost without them, for they not only help students to find books, but also check books, in and out. Helping in the library is giving these girls much experience which they may be able to use in the future. Miss McMaster and her monitors deserve a great deal of praise for the fine work they are doing.

If you hear strains of music coming from F-12 during sixth period, you can be sure it is the orchestra practicing for one of its school activities. They can play anything from the stuffiest classic processional to the most popular jazz tune. The community sings put on by this organization, directed by Mr. Lodzsun, are just the thing to put you in a mellow mood. Each year a few orchestra members are picked to attend the county orchestra festival. When the orchestra and chorus get together to put on the Christmas assembly, we can be sure of real enjoyment.

Are you a song bird? If you are, chances are that you belong to the Chorus. To anyone who is a member of this organization, second period is the best liked period of the day. During classtime, the choristers exercise their vocal chords by practicing for their many programs. Under the direction of Mr. Lodzsun, the chorus presents an annual assembly which always provides inspiring entertainment. The real talent of the membrs is shown in the Christmas pageant. This program is very beautiful and impressive. Again at Baccalaureate and Commencement, the chorus "gives out" with some highly inspirational singing.

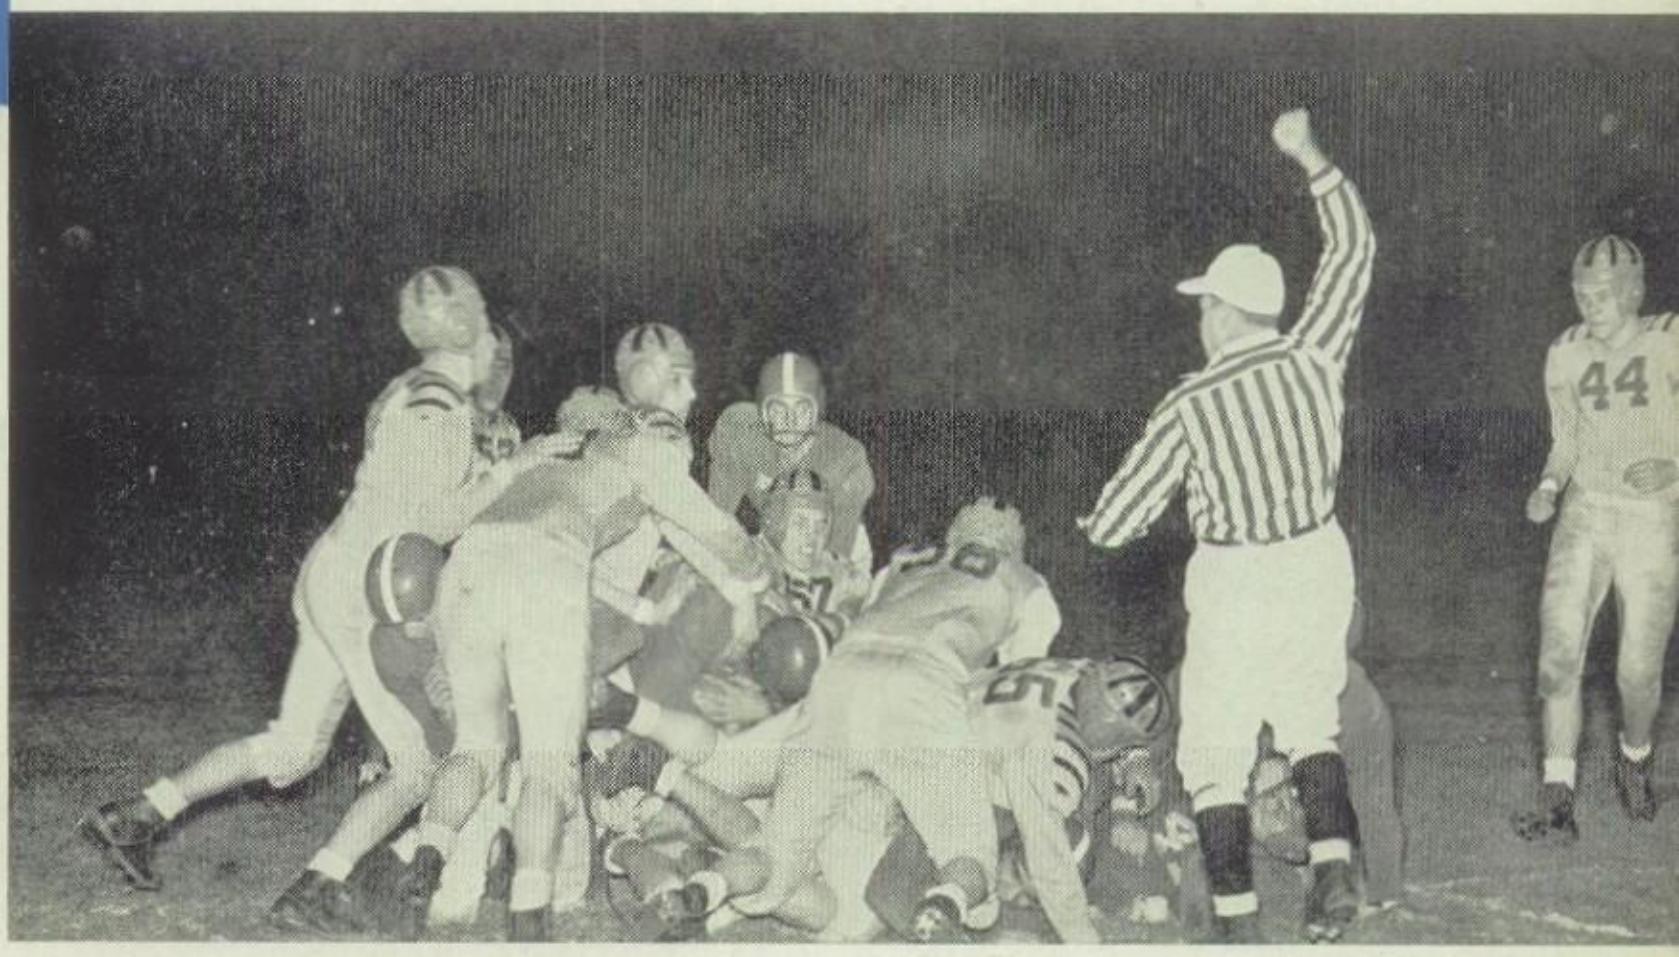
JAY HAWK

A PILE-UP ON THE GRIDIRON



On November 9, 1951 we went to McKee Stadium to see the annual clash between the Jeannette Jayhawks and the Greensburg Lions. We were all excited because this was "the" game of the season. We all knew we had a winning team this year but we also knew that no matter what the record had shown before, everything could change tonight when these two unpredictable teams would meet. As we arrived at the field we noticed things seemed a little unusual. Behind the players bench there were a few other benches which were being occupied, we found out later, by players who had been coached by Coach Barnes in the past twenty years. Then we noticed a microphone was being placed on the field and just at that second the noisy, cheering crowds became hushed. Edgar Horn then walked on the field and began to speak, telling of the work he and Chief of Police, Charles Walter, and their committee had done to make the "20 years with Barnes" Testimonial a success. He told of all the loyal fans that made contributions to the fund and then he introduced Mayor Frank Binda. At that moment the Jeannette team formed two colums facing one another with their helmets off as they too paid tribute to the man who had not only been a coach but also a friend to them.

Mr. Barnes then walked past the players and over to the committee who were waiting to greet him. We can't help thinking that even this modest little man must have felt kind of big at that moment. Then, of course, there were speeches and presentations. We can't remember all that was said but we do remember his wonderful record. More than 70 players, coached by Mr. Barnes, had gone on to college gridirons and made names for themselves there. They secured these chances through the efforts of Mr. Barnes. When he himself was playing football he made two trips to the Rose Bowl. He played for Wellsburg High, W. Va., three years on first string and one year as captain at Broaddus in Philippi, W. Va. In 1926 Coach Barnes played for the Pitt Frosh team under Doc Carlson and he also played three years varsity under Jock Sutherland.

Following his graduation from Pitt he coached a year at Bellair High School, Ohio. He then came to Jeannette in 1931. His record here has been far above average.

We believe this was certainly a very inspiring ceremony, and most inspiring to the Jeannette team that played so magnificiently that night.

FOOTBALL . . . built sportsmenship

CRAFTON OUTCLASSED—39-7

Unveiling a powerful attack as well as a tight defense the Jays defeated Crafton by a 39-7 score, September 7. The greater balance and power of the Jeannette squad proved too great for the visiting eleven to overcome.

SCHENLEY DEFEATED—41-7

For the second straight week the versatile Jayhawks were victorious by a large margin as they made a 41-7 conquest of the Schenley gridders in the second exhibition game of the season.

TURTLE CREEK LOSES—19-0

The host team, Turtle Creek, became the Jayhawks third victim by a 19-0 score as the well-drilled Jeannette team's greater form was too much of a handicap for the Creekers to overcome.

JAYS ROUT CONNELLSVILLE—40-2

The Jayhawks stretched their winning streak to four games as they ground out a 40-2 victory over Connellsville, September 28. This decisive defeat for the Cokers came in their own stadium.

JAYS SCORE 33-6 WIN OVER LATROBE

Appearing in the win column for the fifth straight week, the Jays defeated the Latrobe Wildcats 33-6 in McKee Stadium. This Jeannette victory was the third consecutive AA win.

NORTH HUNTINGDON SIXTH VICTIM—27-6

Once again the balanced Jeannette offense proved too powerful for the opposition, as the Jays recorded victory number six over the visiting Bulldog eleven.

JOHNSTOWN UPSETS 'HAWKS—14-13

Following a week's layoff the Jayhawks played host to the Johnstown Trojans who upset the favoured home club 14-13. By this one point loss the Jeannette club was knocked out of an undefeated season and possible W. P. I. A. L. crown.

McKEESPORT JINX BROKEN—20-8

The Jays showed their first victory over a Tiger club in 40 years when they upset the favored McKeesport team by a 20-6 score. Adverse weather conditions marred the contest for the second straight year.

GREENSBURG LOSES—28-7

In the final game of the season, the Jayhawks defeated their traditional rival, Greensburg, by three touchdowns, 28-7. Thus, the ventures of Jeannette High Football showed on an 8 won, 1 lost and no ties record in the year 1951.

JUNIOR W. P. I. A. L. and JR. VARSITY

This is the real start in athletics for boys between the ages of 12 and 15. They are taught team-work, leadership, and the fundamentals for varsity competition in football. The Jr. W. P. I. A. L. in Jeannette is gaining rapidly in popularity due to the interest aroused by the midget football team which is a step below the Jr. W. P. I. A. L. Their able coach is Alfonse Veronie, who led them through a year of 2 wins, South Huntingdon and Latrobe; 2 ties, McKeesport and Latrobe and 3 defeats.

The Jr. Varsity is for boys older than the W.P.I.A.L. players, but not quite ready for varsity competition, such as the third string varsity. They compete with other J. V. teams. It is from this that our future speed merchant backs, and hard charging linemen come. Under the expert coaching of Bill Baughman this season, they won 3 games, Latrobe, Hempfield and Kiski Res. and lost two. Our J. V. are combined with the varsity, although they are not able to participate in varsity competition.

All told we are proud to claim the members of these teams as ours, and we look forward with expectancy to their future performance on the Jayhawk Varsity.

CHEERLEADERS

Who goes to every football game no matter how deep the snow, how far below zero the temperature, or how heavy the rain? Our Cheerleaders, that's who. This year Fred McDevitt, as captain, and Eleanor Bellone as co-captain led cheers on the football field, on basketball courts, and on the assembly stage during football season. With their pep and vitality they raised the morale of the team when it was low. Three cheers for the cheerleaders and their sponsor Mr. Butler!

ASKETBALL . . . they shot the ball through the hoop

VARSITY

During the course of the season the Varsity basketball team provided both thrills and heart breaks for the Jayhawk fans. These were, for the most part, in two upset victories of the Sectional leaders. Greensburg came to Jeannette, a top heavy favorite to win, but as later events proved, the Trojans lost 61-40 on the Jay floor. One week later the Jayhawks pulled a similar upset as they defeated North Huntingdon 44-31 on the opponents floor. One of the heartbreaking losses came as the Jays lost in the final seconds to Ramsay 46-44. Even after these upset victories over favored opponents, the Jayhawks weren't in serious contention for the Section VI title. Nevertheless, the local team played outstanding ball and with a few breaks might have challenged the leaders.

Five seniors, Ted Kukich, Tony Rebo, Dan Brean, Fred Roscher, and Jerry Roy will be lost from the team through graduation. Returning next year will be Glenn Seymour and Jim Byrns, both juniors, and Bob Williamson, a sophomore.

After the regular seasonal games the Jayhawks were eliminated in the Westmoreland County competition in their second game.

JAYVEES

During the 1951-52 basketball season the Junior Varsity compiled an 8 won and 12 lost record. 7 victories were recorded against Sectional opponents while 1 victory was won in an exhibition game with a non Sectional team.

This team, which was coached by Mr. John Baughman, was badly hampered by injuries and the promotion of playmakers to the varsity team. Although they had these bad breaks, these future varsity performers displayed a fast, polished game of basketball.

JUNIOR W. P. I. A. L.

Under the direction of Mr. Joseph Rubino the Junior W. P. I. A. L. basketball team compiled one of the finest records a Jeannette Jr. W. team has ever produced. After losing their opening game the little Jays had a winning streak which carried them to the quarter finals in Junior W. P. I. A. L. competition where they lost to a Charlerio quintet by a 62-48 score.

TRACK

The warm weather had the boys out in droves for the track team. Mr. Barnes, the coach had a team which gave J. H. S. credit. The "Red and Blue" sprinters, hurdlers, vaulters, and weight men provided rigid competition in the meets. Our boys showed their enthusiasm by bringing success to Jayhawkland.

Once again the county meet was held at McKee Stadium.

GOLF

Our Jayhawk golfers once again used the Greensburg Country Club as their home course. The coach, Mr. Elroy S. Albright, saw that his team knew their "tee" manners. This "Gentlemen's Game" gave wholesome enjoyment to the J. H. S. Golf Squad. May we have some "Hogans" and "Sneads" among us!

LUSTRAGLASS
the ultra violet ray window glass

The Way to More Light, Better Light, Natural Light

The modern trend is toward more windows that give more and better light. In remodeling and in new buildings of *all* types, home-owners, architects and builders are turning to American "Lustraglass" because this Ultra-Violet Sheet Glass provides *natural*, undistorted light, *and more of it.*

No other window glass provides all of these advantages . . . Lustraglass:

- transmits more of sunlight's ultra-violet rays.
- is obviously relatively free from distortion.
- has practically no greenish cast prevalent among ordinary window glass.
- offers a jewel-like lustre that enhances the appearance of the building.
- is much easier on the eyes.
- has a higher tensile strength than plate glass.
- provides the closest approach to perfect transparency.

And—Lustraglass, the most perfect sheet glass ever produced, provides all of these added features at no greater cost than ordinary window glass.
